

### HALLOWEEN DESIGNS

“Here’s an idea for the person who likes to make the holiday decorations herself, to insure them being different and individual. These sprightly little elves are easily copied on orange paper for candle shades, place cards, napkins or nut cups.

“Simply trace through carbon paper and fill in with india ink or black water color, add the guest’s name and they are complete.”

**NOTE:** It is recommended that you photocopy the original pattern so that it does not get damaged during transfer.
